

ASCOT BLOODSTOCK

Chestnut Colt DOB 31/10/06

By DUBAI DESTINATION (USA) from HAWAIIAN QUEEN (AUS) (by Dieu D'Or)

This compact, powerful colt is by a regally bred Group One winning representative of Mr Prospector's world class Kingmambo sireline, who also hails from one of the world's elite producing families. His dam is by Biscay's influential son Dieu D'Or, and from the revered Australasian family of Eulogy, a continuing source of stakeshorses.

Bred on both the outstanding Mr Prospector/ Star Kingdom cross and the highly successful Northern Dancer / Star Kingdom cross, this colt carries a pedigree packed with genetics for top class juvenile speed. This is further enhanced by brilliant linebreeding to numerous influences for elite performance, including the family of Mr Prospector himself.

Chestnut Colt

Foaled 31st October 2006

By DUBAI DESTINATION (USA) From HAWAIIAN QUEEN (AUS)

Five generation inbreeding: *nil*

Sire: DUBAI DESTINATION (USA) Bay 1999. To stud in GB and Australia 2004.

A representative of Kingmambo's world class branch of the Mr Prospector sireline, from the royally bred mare Mysterial – a daughter of dual Arc d' Triomphe winner Alleged, and a half sister to International Champion sprinter-miler Agnes World and Japan's Champion sprinter-miler Hishi Akebono.

8 starts, 4 wins, 2 seconds. Brilliant winner at two years of the Doncaster Champagne Stakes (7 furlongs), defeating a class field including superhorse Rock Of Gibraltar, and a G1 winner at four over the mile.

Half brother to Librettist, dual G1 winner and exciting new sire, from the family of International Champion sire Red Ransom. Sire of multiple stakeswinners and a G1 winning juvenile (Ibn Khaldun – Racing Post Trophy) from his first crop - the only son of Kingmambo to achieve this to date – and in Australia, stakes placed Dubai To Sydney. His oldest Australian progeny are 2yos.

Dam: HAWAIIAN QUEEN (AUS) Bay 1998

Winner at 1000m. By Biscay's excellent son Dieu D'or from Hula Ruler, by the G1 winning sprinter Turf Ruler (Oakleigh Plate).

Hawaiian Queen hails from the family of the great Australasian foundation mare **Eulogy** which is producing elite racehorses to the present day. She died this year after bearing only two live foals; our colt and her oldest foal now a 2Y0.

Second dam Hula Ruler by Turf Ruler. Winner at 1000m. Three quarter sister to EXCEPTIONAL ANGEL (6 wins 1200-2400m, stakeswinner) Dam of 8 foals, all raced, 6 winners including *Hula Maize* (5 wins, 3 at 2, 1000 -1400m, 4th ACT Black Opal Stakes G2, producer) and *Hula Gal*, winner at 1000m, dam of *Tahitian Star* (6 wins to

1400m inc Gold Coast Guineas, 4th Ipswich Eye Liner Stakes Listed) and *Explosive Gal* (7 wins 1000-1250m)

Third dam Best Behave by *Denizen*. 3 wins at 2. Dam of 11 named, 9 raced, 6 winners. Half sister to **Exceptional Angel**, **Yallahi** (stakes placed), Signet (dam of OREGON SEAL– 9 wins 1200-2100m, won MVRC Tesio Stakes G3 and placed in same, producer)

Fourth dam Exception by *Kaoru Star* a half sister to G1 winner and Champion Australasian sire ZEPHYR BAY. Dam of 8 foals, all raced, 5 winners.

Immediate family of GENNAKER (AJC George Main Stakes G1), CELLAR (VATC Ansett Australia Stakes G3), RIVAGE (NJC Penfolds Classic G3, AJC Widden Stakes L, AJC Light Fingers Stakes L, stakes producer) and BIG POPPA PUMP (2nd VRC Sires Produce Stakes G1)

Pedigree Analysis:

While this colt has no inbreeding in five generations, his pedigree is an example of intelligent and excellent linebreeding, which has resulted in an intense build up of some prepotent bloodlines and affinities. He is also bred on proven patterns for success.

* **The MR PROSPECTOR / STAR KINGDOM cross** has been extremely successful in Australia. **These are prepotent genetics for speed and in particular juvenile speed.**

In addition, the two lines to super speed sire **Bold Ruler** carried by our colt create further influence for superior acceleration on the racetrack. The **NORTHERN DANCER / STAR KINGDOM cross** which he also carries (Northern Dancer x 2 in sire and Star Kingdom x 2 in dam) has been a reliable source of elite gallopers.

* **Linebreeding to the family of Blue Hen mare FRIZETTE**

Dubai Destination is bred on the MR PROSPECTOR / SEATTLE SLEW cross which has been outstandingly successful, no doubt largely influenced by the fact that both these great sires share as ancestress the Blue hen mare **Myrtlewood**, by **Blue Larkspur** and a granddaughter of **FRIZETTE**.

Hawaiian Queen the dam of our colt is an **RF (Rasmussen Factor)** individual, being inbred 4m x 5f (sex balanced) to the mare **Relance**, through her influential son Relko (damsire of Dieu d'Or) and daughter Desirade (dam of the sire Ruling) who are three quarter brother and sister - sired by the Tantieme son Tanerko and by Tantieme himself respectively. **Relance is RF bred herself x 2m** to the mare **Durban**, a grand daughter of **FRIZETTE** and **Hawaiian Queen's** sex balanced inbreeding to her creates a strong connection with both Seattle Slew and Mr Prospector. **Hawaiian Queen's** third dam Exception carries a sex balanced inbreeding to the sire **Tourbillon**, another **FRIZETTE** family member and foaled by **Durban**, the mare to whom **Relance** is RF bred..

This potent concentration of family blood is strongly reinforced by **Denizen**, the second damsire of **Hawaiian Queen**, a son of the mare Fish Bar by Baldrick, whose sixth dam is none other than **FRIZETTE**, and even more tellingly by Pan, the sire of her fourth dam - - by the **Teddy** son Atys from a daughter of **Tourbillon**.

Dubai Destination carries **Tourbillon's** famous grandson My Babu on his tail female line, creating an influential pattern.

Mr Prospector has a line to Durbar, the sire of **Durban**, via Johnstown in his damsire Nashua, and Johnstown is also the damsire of Baldrick, carried by **Hawaiian Queen**.

Still further boosting these affinities is the fact that **Hawaiian Queen's** damsire Turf Ruler is a more distant relative – *Mr Prospector, Seattle Slew, Baldrick, Tourbillon and Turf Ruler all trace in tail female line to the mare Kite.*

Turf Ruler's dam Philimedes was sired by **Alcimedus**, who, like **Fairway** (sire of Nasrullah's relative Fair Trial, carried here by Biscay, Forli Lyphard, Fair Copy the damsire of Tanerko and importantly, via a daughter on Dubai Destination's tail female line) and **Pharos** (sire of **Nearco**, the point stallion for the NASRULLAH and NORTHERN DANCER dynasties which are both line breeding subjects here), is from another related branch of the same tribe.

Seattle Slew, Mr Prospector and Turf Ruler share many other genetic compatibilities. Both Seattle Slew and Turf Ruler are descendants of Nasrullah's **Bold Ruler** male line, and Seattle Slew carries a sex balanced inbreeding to Nasrullah, while Mr Prospector's dam is by the Nasrullah son Nashua.

Seattle Slew, and Mr Prospector's grandsire Native Dancer both carry Bold Ruler's relative John P Grier through their dams; Turf Ruler's second dam is by the sire Bridge Of Earn, a member of this clan and inbred to it on his tail female line, while **Hawaiian Queen's** second dam is by the abovementioned sire Denizen, also a family member.

Seattle Slew is RF inbred to the mare Baby League through the full sisters Striking and Busher (by **War Admiral – Man O War x Sweep/ Sundridge**); **Baby League** herself is by the **Sundridge** male line representative Bubbling Over, and is a daughter of the immortal **Teddy** daughter **La Troienne**.

Mr Prospector's sire Raise A Native was foaled by a daughter of the **Teddy** son Case Ace, and he is linebred to **Teddy x 3** through that horse and the great sires and **full brothers Bull Dog and Sir Gallahad**. Raise A Native's second dam is a daughter of the **Man O War** son American Flag, while his sire Native Dancer carries multiple lines to **Sundridge** and to Bold Ruler's relative **Sweep**. Mr Prospector's third dam was sired by the **Sundridge** male line representative Count Fleet, giving him multiple lines to that horse.

The sire Tantieme carried by Turf Ruler and duplicated via **Hawaiian Queen's** RF inbreeding to **Relance** is a representative of the **Teddy** male line, and her fourth dam Heavenly Wind is by the **Teddy** line sire Pan, while Habitat (sire of Denizen who is **Hawaiian Queen's** second damsire) was foaled by a daughter of the **Bull Dog** son Occupy.

The influential linebreeding in the subject pedigree continues when we consider:

*** Inbreeding to the family of Blue Hen mare PADUA**

Mr Prospector's sire **Raise A Native, Blue Larkspur** (carried by Mr Prospector and Seattle Slew on the tail female line through their common ancestress Myrtlewood) and **Relic, the sire of Relance** are all closely related, sharing as ancestress the mare **PADUA**. **Blue Larkspur** is additionally an RF individual, being inbred to her. **Hawaiian Queen** the dam of our colt, with her RF breeding to **Relance**, strongly reinforces these genetic affinities. **Relic** is a son of War Relic (by **Man O War** – refer Seattle Slew's RF

inbreeding to daughters of War Admiral) and was foaled by a daughter of **Blue Larkspur's** grandsire Black Toney.

Blue Larkspur is a son of North Star, by the sire **Sunstar** who also sired **Sundridge**, mentioned above as another key influence. Turf Ruler's damsire Alcimedes carries **Sundridge**, and Tanerko, carried by Dieu d'Or, another **Sunstar** son in Buchan (Buchan also appears in RIBOT, a linebreeding subject in this pedigree)

The aforementioned sire Pan, who sits in an influential position on the tail female line of **Hawaiian Queen**, is by Atys (by **Teddy's** important son Asterus from a **Sunstar** daughter).

Relance is inbred x 5m,5m to Sunstar, and this sire is also carried by the great Star Kingdom 4f x 4f, to whom Hawaiian Queen carries two lines through her sire Dieu d'Or and third dam Exception, creating further powerful sex balanced reinforcement of this blood.

* Multiple reinforcements of **Nasrullah** and his family – that of **Lady Josephine** (a daughter of **Sundridge**) – via his male line (Bold Ruler, Nashua, Grey Sovereign (inbred to Sundridge) and Nantallah) –also via the previously mentioned Fair Trial, Mahmoud and Forli (inbred to the family) and My Babu's damsire Badruddin. **Nasrullah's dam Mumtaz Begum and the great sire Mahmoud are three quarter brother and sister**, and the appearance of Mahmoud on the tail female line of **Hawaiian Queen's** sire Dieu d'Or is significant and will strongly complement the many Nasrullah influences carried by **Dubai Destination**.

Mahmoud also sired **Almahmoud**, the ancestress of **Northern Dancer**, to whom **Dubai Destination is bred 4m x 5m**

Both Mumtaz Begum and Mahmoud were sired by Blenheim, and Turf Ruler carries a valuable sex balanced inbreeding to that sire, through Mumtaz Begum and the Blenheim male line representative **Alycidon**. The second dam of our colt, **Hula Ruler**, in turn carries a sex balanced inbreeding to Alycidon.

The above are further enhanced by:

* **Dubai Destination's** damsire Alleged, inbred 3f x 4f to War Admiral, also carries Count Fleet, Blue Larkspur, Mahmoud and Sir Gallahad through his dam, and has lines to Tourbillon through both sire and dam.

* Kingmambo's third dam Pasodoble is by Prove Out, a relative of **Man O War**. Her sire Sanctus carries Tourbillon, Count Fleet and Mahmoud.

* Kingmambo's damsire Nureyev carries the sire Nantallah, by Nasrullah and inbred 4m x 4f to **Teddy's** son Sir Gallahad. He also carries a line to Durbar.

* The aforementioned Alycidon was foaled by the Blue Hen mare **Aurora**, by Hyperion from Rose Red, and thus is a member of the **MARCHETTA** family. **Hawaiian Queen's** linebreeding to Alycidon greatly boosts the influence of his relative My Babu (by Tourbillon's son Djebel from perfume, by Nasrullah's relative Badruddin), importantly situated on the tail female line of **Dubai Destination**, and reinforced by the Djebel son Emperor on the tail female line of **Hawaiian Queen**.

The great sire TURN-TO, by Nasrullah's three quarter brother **Royal Charger**, is another of the MARCHETTA tribe and he appears here via his sons Hail To Reason (inbred to **Man O War** and carrying **Blue Larkspur** and **Sir Gallahad**) in Seattle Slew's sire Bold Reasoning carried by **Dubai Destination**, and Sir Gaylord, the sire of Habitat carried by **Hawaiian Queen**.

Turn-To's influence in this pedigree is intensified by the fact that his dam Source Sucree is a daughter of Admiral Drake (by the Sunstar son Craig En Eran) who is a full brother to both Bull Dog and Sir Gallahad.

* **Hawaiian Queen's** lines to Alycidon's dam **Aurora** and to another elite Hyperion daughter in **Donna Lydia** (ancestress of Dieu d'Or) plus her inbreeding to Hyperion's male line descendant Star Kingdom, create an interesting connection with **Dubai Destination**, who traces in tail female line to the taproot mare **Fancy**. **Fancy** is also the ancestress, via another branch of her family, of **Selene (GONDOLETTE family)**, the dam of **Hyperion** and of **Sickle**, the patriarch of Mr Prospector's male line. Whilst this is not a close family connection, it does indicate that **Dubai Destination** will have a liking for the concentration of Hyperion blood carried by **Hawaiian Queen** and further reinforced by her lines to **Gondollette** family members Bosworth (carried by Alcimedes – **Alcimedes is RF inbred to this family**), Big Game (carried by Biscay), Fair Copy (carried by Tanerko) and Schiavoni (carried by Denizen).

RIBOT'S sire Tenerani and the **Hyperion** son ALIBHAI also trace to **Fancy** and **Dubai Destination** is linebred to both - Ribot through his sons Graustark and Tom Rolfe, and Alibhai as the damsire of Graustark and sire of Determine carried by Alleged.

Dubai Destination's lines to the Hyperion grandson Forli and to Native Dancer (including the stallion Gyr on his tail female line, a grandson of Native Dancer and inbred to **Selene's** son Sickle) and Northern Dancer (carrying the elite Hyperion daughter Lady Angela) strongly reinforce these affinities. **Dubai Destination's** damsire Alleged also carries another **Gondollette** family member Sansovino, as sire of Jacopo on his tail female line.

* Tantieme, to whom **Hawaiian Queen** carries a sex balanced inbreeding through the three quarter siblings Relko and Desirade, and Emperor, the damsire of Kaoru Star on her tail female line, are relatives. Also hailing from a North American based branch of this family is **Dubai Destination's** sire Kingmambo – all three trace back to **the Cade mare** but Tantieme and Emperor share a closer common ancestress, Meeanee – Kingmambo's connection is a little more distant. Nevertheless, an affinity is definitely there and will exert a positive influence, especially as it creates a link between the tail female line of our colt and his world famous sireline.

* Kingmambo's damsire Nureyev and Mysteriah's sire Alleged both carry stallions on their tail female line (Gold Bridge and Jacopo respectively) which trace to the influential mare **Canary**. Gold Bridge is carried by Biscay (through his damsire Markapura) in **Hawaiian Queen**, and **Hawaiian Queen's** own family, that of **Eulogy**, also traces back to **Canary** in further removes – creating a compatibility with both Nureyev and Alleged in **Dubai Destination**.

* Finally, our colt is linebred to the great sire **Round Table** by Princequillo, via the sires Poker in **Dubai Destination** and Baldrick in **Hawaiian Queen**. **Dubai Destination** carries four lines to Princequillo in all – via Poker, Prince John (damsire of Alleged) and the Princequillo daughters Neriad (ancestress of Kingmambo) and How (ancestress of Tom Rolfe) giving him a powerful sex balanced concentration of this blood. He should respond beautifully to the sire Denizen carried by **Hawaiian Queen**, who has a sex balanced inbreeding to Princequillo via Round Table and the most influential Princequillo daughter of all - **Somethingroyal**, the dam of Sir Gaylord.

The subject pedigree thus provides multiple top class avenues for expression of the Nasrullah / Princequillo and Royal Charger / Princequillo nicks.
